AMENDMENT AND REQUEST THAT INTERFERENCE BE DECLARED

This amendment copies claims of pending, allowed application
No. 10/849,410, as well as claims of pending application No.
10/290,002, for the purpose of provoking an interference with
those applications.

Although both the '410 and the '002 applications have an
effective filing date more than six months prior to the filing
date of the current application, this is an exceptional situation
in that the applicant in both applications derived the invention
of the copied claims from the current applicant, which can be
proven by competent evidence, including written records.
